“ *I still don't want to believe we've lost Betty Jo here on Earth - but I know she's in a happy place now re-united with Uncle Bud. She meant so much to all of us kids growing up - made us all feel so special and loved. My heart aches for everyone back home. I miss you all!*

“ I always liked visting with Betty Jo. She would stop by my parents house and let us know what had been going on with the neighbors. Some days I would be in a hurry to get somewhere but always realized that I should stay and enjoy her visits, which is exactly what I did. Growing up, my parents would go up to their house and take us with them. I thought that Betty Jo and Bud had the prettiest place and thought that it would be a beautiful place to live. And with the peonies in bloom, it probably is!
Betty Jo was an example of a great neighbor and even though I don't live at "home" anymore, I still miss neighbors like her. Now, we'll all miss her.
