“ When I think of Betty it's hard to narrow it down to one fond memory. Whether it be listening to her talk to my Grandma and her sister Wilma for hours about almost everything. Or going to J&J's to have her cook a cheeseburger for me. And who could forget those wonderful pies. I could eat one of those everyday of my life.

But what I remember most about Betty was her heart. She was always there when someone needed something. She made a special effort when my Mom passed away to visit, bring food, and ask if we were OK. She volunteered to be a substitute grandmother to my kids when they lost theirs. And every single year without fail, Jordyn and Levi would receive a birthday card with a \$5.00 bill. To some this might not seem like much but it meant the world to all of us.

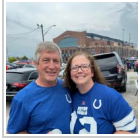

She lost her husband Curtis (Junior) many years ago and never remarried. She raised her children and took care of herself. This is a testament to how strong she really was. I always looked up to her for that.

I could go on and on about all the things I remember (and will miss) about Betty. Her laugh, her smile, her kind heart. Selfishly I want her to stay but there is comfort in the fact that she is at peace with no more pain. I imagine her sharing time with Junior, catching up with my Mom and Grandma, and maybe even baking a pie or two.

I will miss you aunt Betty. Until we meet again.

With love,
Jeff Fender

Betty was always at grandkids' activities...don't think she missed one! She lived for her family...supporting, encouraging, cooking, baking, care-giving, giving advice, hugging, and simply loving each one. I witnessed it all...❤️...she leaves a void that no one can fill, but the memories and legacies she instilled will live on. Love and prayers to this family...

I will always remember Betty's cocoanut pie (best in the world) which she baked for J&J's. I went to school with her and Wilma but have been gone from the Eastern area for many years now. I wish the family peace and comfort. Laura Jean Crane Hollingshead.

So many memories of summers at softball games I played with Susie and Sandy and Betty driving us to each game. Volleyball, basketball, softball, track and school events, Betty never missed one game. My condolences to all her children and the grandchildren that I knew, the void she left in your lives can not be filled but the love and memories will forever warm your hearts.
