“ Briana had such a big heart, she helped me thru a difficult time here recently at the cath lab by keeping me laughing and going until the surgery was over. I am very thankful I got to spend some time with her Friday night at the ball game, she was so happy and joking around with Vernon and I and her sweet Chloe. You will be missed our dear friend.

“ Dear Wyatt, Jackson and Chloe,
I worked with your mom for a long time on the OB unit at the hospital. I can't believe she is gone. I am so so sorry. I just wanted to say that the 3 of you were the light of her life. She just loved the heck out of all of you. She was really proud of all three of you, and would often show me pictures, remarking on how cute (when you were younger :) or beautiful or how talented you were. Even on crazy busy days I would get some kind of update on her kids! I can't imagine what this is like for you, but I can imagine that your mom would want you to know that she loved you more than anything - and that she will always be proud of you.

“ I am so very sorry for your loss. Briana and I never worked directly together, but we had many interactions in various things over the years. The thing I think of first when I think of Briana is her smile! I can't recall ever seeing her and not seeing a smile on her face, laughter in her voice, and truly.... a twinkle in her eye. Her kindness touched me I am so saddened for all of you. I know that family was her number one value of all things. Prayers for peace to each of you.

“ I worked with Briana for years in Labor & Delivery, I watched her family grow, my daughter did her hair, I left that job years ago but when I would see her at our kids ball games it was like we had just finished a shift together. Always smiling that big infectious smile with her eyes dancing and a laugh just pursed on her lips ready to go. I will so miss her hugs, smile, laughter, stories and sweet sweet spirit. I am fortunate to have known Briana Scott and will remember her with love.
