“ *Catherine was a wonderful neighbor to our family when we lived next to her in Plummer. She always had a smile for all of my McIntosh family and was so willing to share her knowledge of sewing with me as a young seamstress. She is a sweet memory of mine and I know will be missed by her family.*

“ Catherine was my First Grade Sunday School teacher at First Christian Church. Catherine and Helen White taught the class. Theresa Hunter was in that class along with Robert Thompson and Brenda Grooves.

I will never forget her and her caring enough to take time to teach us she was busy with a family at that time. Now she has her reward for that. It is the little things that mean so much.
