“ To Clita's Family I took care of Clita many summers at BW about 15 years ago and at some reunion camps. She taught me alot about patience, listening, and persistance. I loved getting letters from her that her and her mom wrote along with a request to save the stamp and send it back, which I always did along with other stamps I saved for her. Clita and I always commented about how we had a special bond because we both shared the same middle name. She will be missed dearly by many but glad she is not suffering anymore.
