“ As a youngster I spent many nights n weekends with the McClouds. Donny n Diana always took me along with Dwane n Danny, Bloomfield drive in , Boggs lake , old settlers. they were great people. I can still feel love n all the memories every time I walk in that little ol house. Diana Donny n Demon could have had a reality show , all the funny stuff that happened. if not for Donny n Diana I wouldn't have had such a great childhood.I got so many good memories. God bless the McClouds n the good old days. Love Jim Lee.

“ I remember riding to work at crane base with Diana in the winter time during snow and icy roads ... She would travel with her cigarette in hand and I would say be careful the roads look bad and she would just smile and say not really
I said let's just go back home and skip today but she would say Aww we can't do that !
As we were going in icy roads but she didn't give up we had bad roads and I never could talk into turning the car back
One time I drove myself to work on the awful slick roads by the time I arrived at work I was a mess so I had to clock in but my darn hands were shaking so bad I could barely hold the time card but Diana came to my rescue and said Hey cuz what's up ? I said no more am I driving in slick roads
She said I will clock you in today .. she was amazing and I miss her witty ways and yes her singing Loretta Lynn songs and playing Euchre
