“ I wanted to attend your mother's funeral today but am not able to. I am Susan Platter and I worked with your mom in Sociology for the full 20 years she was there. I so admired her. she was he best employee I ever had in the department. She would show up when the snow was deep when others would not even walk to work. It took two people to do what she did for the Department. She was an outstanding woman and pushed through many hardships over the years. I always admired her.

we loved to share stories about our kids things she and I were doing around our homes, her chickens when she had them and I think Elvis was her dog and how she made him eggs and bacon. And the beautiful embroidery work she did. I still have and use pillowcases she made me. I love them.

I have only spoken with your mom a few times since she left IU. Time flies and I should have put more effort into seeing your mom from time to time. She will be missed by all of you I know.

My deepest sympathy to all the family and I will keep you in my prayers. I never will forget Eleanor.
