“ I don't know who is going to see this, but I was doing some searching trying to find Glenn's phone number and stumbled upon the news that she unfortunately has passed away. I worked with Glenn for 5 years as a meat cutter for Marsh until they went out of business. During that time, Glenn sorta took me under her wing and stuck her neck out for me several times when she didn't have to do anything. She was a loving and caring person, I would spend so much time listening to her stories about her family, or about the things she had done in life. Not only that, but she was a very brave woman as well. Being a meat cutter is a man's game, but women like Glenn never let a man hold her back. She would take all kinds of crap from the other guys but never let it bother her. I'll miss Glenn, and I really wish I had a chance to talk to her after Marsh closed. My deepest condolences go out to her family she loved so much.

“ She was an amazing woman and mother. I was lucky enough to be the neighbor who got to tag-a-long with them. She took us swimming at Shakamak Lake and the Linton Pool atleast twice a week. We went water skiing all summer long, except for Bible School week, she drove us to Washington everyday. During the winter she would drop us off at the old Linton Movie Theater with plenty of money for popcorn and snacks. She taught me how to decorate cakes and make homemade candles. She let us eat all the ice cream and Mountain Dew we wanted. She never complained because the tv always had video games on it. She was always smiling and happy. She taught me how to be a good mother and to put your children above yourself. Thank you for making my childhood happy. Dianna Carpenter
