“ Dude was an amazing person, I was a young girl in a man's department at Otis , he never blinked an eye to help me, he taught me every machine that was required of me, I was the only woman to ever run the FMS, one of the biggest and most intricate machines at Otis, all because he took the time to teach me and never doubted that I could do it, His laugh was infectious, he laughed and his whole body laughed, which in turn made me laugh! He always had an ear to listen to whatever I had to say or complain about! The man never said or had anything bad to say about anyone! He truly taught me how to treat a co-worker and how to not let things get to me! He will always be one of the happiest memories I have of Otis, he was a work dad for me, I wish that we had kept more in touch, but life happens, He was one of a kind, I can thank god that he came into my life, and taught me what he did! He has always been in my thoughts, and now in my prayers!
