“ We wish to extend our sympathy to each of Helen's family. She loved you all dearly. Helen became a caretaker for our mother, She soon became like family to us. Not only was she a great cook she was fun to talk to. We shared stories of kids, grandkids and animals. But most important she was caring and kind to mom. She will always be loved and remembered for that. It was a sad time for us when she chose to retire completely but we appreciated the time that she had been with us .We know that there is no one that can replace a mother and she was not just a wonderful mother but a very special person that touched our lives and we will always remember her and her family. We pray that God will be with each of you now and in the coming days. Sincerely, Bill and Sharr

“ So sorry for your loss. Helen was such a "Great" person. She stayed with my Mom, Thelma Sharr, and she was so nice to her and the entire family. I know everyone in our family cared so much for her. She always talked so fondly about her Children and Grand-Children. I think we all got flower starts from her and her cooking was so good. She was a blessing. You are all in my thoughts and prayers today.

*my mom took it hard, as they were friends over 60 years, I will always have the memories of visiting with mom while dad went to work, I still remember the house and all of you, and playing in the woods behind the house. she has just been doing a lot of telling all the things she remembers,. not bad for a 93 year old.. its her way of dealing with the loss.*
