“ *Joe, Rita, Patricia and Willie, What a difference a week makes. As Gerry may have told you our father suddenly went into the hospital with heart issues, never came home, and passed one week later. Only time, memories and prayer helped to relieve the pain. I am so very sorry for your loss. I will pray for God to give you strength and hold you in his hands so that you may feel his love and comfort now and weeks to come. Peace to you. Patty (Gerry's sister)*

“ Your family is a major part of the pleasant memories I have of growing up in Bloomfield. Dr. Joe was always their for the neighborhood kids... there was the last minute camp physical with required shots... Melissa's stitches after hitting the diving board... so many different things happened to us. Dr. Joe would just drive the whole group of us to his office and take care of the injured one. Now he'll be up in heaven still keeping an eye on us all. I wish you peace. Love, Susan

“ *Willie, Joe, Rita, and Patricia,
You have my heartfelt sympathy and I wish I could be there with you during this time. I loved Dr. Joe and he always looked out for me providing shelter, good food, and tickets to the Cardinals. He always made me laugh at the many dinners we all had together. I know you will miss him terribly. I can just see him now, telling God that he doesn't care if angels don't normally smoke, but he's going to have one anyway....remember Rita???*
Much love, Marilea

“ *Although i have been away from Bloomfield for many years Dr. Joe has always been such a good memory, he was a wonderful Doctor and friend to myself and my daughters. Marilea was always at your house with Rita .And I was so happy when I saw the whole family at the Spring Mill Inn when I worked there.
My thoughts and love are with you all Mary*
