“ Worked with Larry Joe in Boiler Operations for many years! Always had a quick wit about him. I always remember him mixing up flu medicine with his coffee to make it through the day.
Till we steam again, keep the boiler lit 🔥

“ I remember Larry from high school -- Bloomfield Class of 1967. He was a quiet, polite young man. From reading his obituary, he lived a life of service to his country for which we all should be grateful. He definitely contributed to society. I was blessed to have known him from school. God Bless his entire family!
