“ Larry Mac, as many of us that rode motorcycles with him ,called him. he was a very unique individual. When it came to navigation, it was like he had a computer, GPS brain. I rode on five or six trips with him out west.. Always a good trip. After a couple of weeks, I was worn out and ready to head back to Indiana but I knew I had been somewhere.

*He was an excellent rider and mechanic...He had a very wide knowledge and could talk for hours about many things. When he rode by my place, and if he saw me outside, he would stop and chat for a while. He always beeped his horn as he went by."There goes Larry" I would say to Jean or she to me. Larry talked about his family a lot, His boys and his grandchildren and Joyce. I know he loved them all.*

*I believe I am a better person for having known Larry and Jean and I will miss him coming by.*

*As they say in the old country "Larry, we hardly knew you" Good bye for now old friend>*

“ Larry loved his family and motorcycle riding. He was a good friend and fellow rider. My wife and I was fortunate to go on quite a few trips to the Smokies with Larry and he was like a human GPS. We loved to talk about rides and motorcycles and eat. I never got to go out west with him but his favorite ride was when the Aspen would turn in the fall. GoodSpeed and RIP Larry. Prayers to the family.

“ To the family of Larry, We are so sorry for your loss. To Roger and Steve I didn't get the opportunity to know Larry as I did the rest of you. I remember him most from Freedom dragway. He certainly knew how to make that little VW move down the strip. Also me and Linda remember dropping in on him and Joyce with Dave years ago. I believe the boys would have been 11/2-21/2 years old at that time. Again we are so sorry for your loss. Jim and Linda Davis
