“ *My Mama was without a doubt my very best friend.
She taught me among other things that Family is so essential in this
life.
And to always try to see the good in people.
Her caring heart went above and beyond to make sure her family
was taken care of in so many ways. When I was about 12 or so I
always wanted voice lessons and although she knew we couldn't
afford it she tried to take me to at least one but we could find the
place,as it was downtown and she wasn't really familiar with that
part of town. So I told her not to worry about it. So we eventually
drove back home and I remember
Seeing tears in her eyes because she couldn't get me to that one
voice lesson. Found out later that my dad didn't want her to take me
because we couldn't afford it,so she had to get us home before he
came home from work. And now I have a karaoke/Dj business
where I get to sing all the time and my Mama was so proud of me.
She told me all the time. Couldn't have ask for a better Mother.
I miss her so much but I know she's in Heaven and
Has no more pain or limitations.
Fly High Sweet Angel
Until we meet again.*

“ *Mom was definitely one of a kind with kind being the key word. Although for the last 35 years or so she lived out of state, as independent as she was she always managed to drive up 2-3 times a year for visits so the miles between didn't affect how close we all were.*

She always made time for each kid, grandkids and great grand making sure they knew everything they said and did was so important to her.

A favorite memory involves when mom was here for a visit I have a friend who had a young son who was saving for his first car and having only just met him made sure she contributed to his fund as she told him she was so proud of a young man taking that initiative.

There are many other stories had I the room to do so but she was quite a lady and will be sorely missed.

“ So many memories of mom. Most are around her family. Though for the last 30-40 years she lived out of state, we never felt she did as she would travel independently 2-3 times per year to Indiana to spend time with her kids and grandkids and great grandkids making each one feel special in their own way and always excited to here about what was going on in their lives and really listening. We will sure miss her but she left behind not only wonderful memories but Spreaded her legacy of how to treat all no matter who they are.
