“ Nancy and I have been friends for 50 years. First we were neighbors and then friends. We walked our girls to school together. Our families were entwined for many years. When my mother died, Nancy spent hours and days helping me get ready for an auction. She was a loyal friend that I will miss very much.

“ Nancy and I have been friends since we were kids. We would ride our bikes to the Randlesville store to buy a soda or a candy bar. We would drive her older sisters, Pat, Linda and Diana crazy because we would always want to tag along with them.

*My deepest condolences to the Malone/Trueblood Family.*

“ Nancy was a very lovely person. She held bountiful Thanksgiving feasts with her extended family, and managed to shine bright even after she outlived her loved ones. We look back on her life with joy and love.
