“ Greg, I've been thinking about you and your family long before the day Peggy passed away. I am so sorry for your loss. The memorial service was wonderful...just like Peggy would have wanted. I remember you and Peggy ever since I was little. She was always so nice to me. She impacted my life. She really was such a caring thoughtful and fun woman! I know her and my mom have had a lot of fun times. She will be missed and you and your family will be in my prayers.

“ Greg...man, what a shock when I happened to open the newspaper today and saw your mom's name on the obituary page. I read it and thought, "that can't be the Peggy Turner we know." Got online and found out it was true. How deeply sorrowful we are for you and the rest of her family. We had lost touch with her over the last few years. Had she been sick or did this happen all of a sudden? She was quite a unique and warm-hearted person; always fun to be around. We'll be praying that God will comfort you and give you strength to get through this. We'll do our best to get down to Boggs on Saturday for the service. Am including my e-mail if you want to chat about anything, OK? Take care.
