“ *Randy was a dear friend of mine while I attended IU in the early 80s and then for several years afterward. I attended many 500s with him. He was so funny and was truly a good person and wonderful friend. Even though we lost touch over the last 10 or so years, I am so sad that he is no longer with us. I will miss him greatly.*

“ *Randy was my dear friend at IU during the early 80s and for several years afterward. I just learned today of his passing, and I am saddened and shocked. He was one of the funniest people and truly had a heart of gold. Even though we lost touch, I will miss him just knowing he is no longer with us. My thoughts and prayers go out to his family.*

“ To the family of Randy Nation. I have only known Randy in the last 5 or 6 years. I worked with him at Fresenius. I just found out today of his passing. All the beautiful things that I have read on this site are so true. He was one of the kindest people I have ever had the great fortune to know. He has been in my thoughts a lot lately, I had no idea he was so sick. God Bless you all.

“ I am writing this with a tear in my eye. I’m truly sorry for your loss. These past nights have been a mixture of sadness and fond reflection. I have reminisced with a lot of the folks who knew Randy and loved him. So many fond memories have come to the surface. Randy was one of the most interesting, funny and intelligent people I’ve ever met and I will never forget his sense of humor as long as I live. Sadly, so often the brightest stars burn out too soon? In addition to the time spent together in Indiana we managed to meet up on the East Coast, West Coast and many points in between. Cubs games at Wrigley, the Queen Mary in Long Beach, sightseeing on the coast of New England, visiting Mark in New Mexico, IU games and of course Indianapolis 500s. I will cherish and remember those times for the rest of my life. It was great having him in my wedding. That winter he stopped by for a weekend, on the way to the base in Corpus, and we watched the Colts conference championship game. There is no one I would have rather spent that weekend with. When mom was in her final year she received a card from Randy at the IU Med Center. Of all the cards and all of the things she received from all of the people, she truly held that one the dearest. Godspeed Randy you will be missed by many...

“*Davie, Pam and family: We were shocked to hear of Randy's passing. We had no idea that he was even in the hospital. Please accept our deepest sympathy for your loss.*

He had seen his share of life trials in the past decade or so, yet always seemed to keep an upbeat attitude about things. As mentioned in a previous comment here, Randy was the kind of person who would do whatever he could to help someone else in need. He will be sorely missed.

Take care, hang on to the happy memories and God bless you all.
