“ So sorry to learn of Richard's passing. He was one of the most talented technicians I ever had the pleasure of working with and was one of the main contributors to our successful program at Crane. He also had a great sense of humor and helped make coming to work fun as well as productive. I have often thought of Richard since retirement and have kept him in my prayers. May he rest in peace. We are away from home this week so will be unable to attend the funeral but he, Teresa and his family will be in my thoughts. You have my deepest condolences.
