“ *Sherri has always treated me like family and greeted me with a smile every time I would see her. To say she was kind would be an understatement.. She helped me with homework when I was in school, she taught me how to train horses, and even helped me get my first car.. She will be greatly missed...*

“ *Sherri was a great friend to me. She had a huge heart and was very caring and generous to those she allowed to be a part of her life. She was a wealth of knowledge in the Friesian and horse breeding world and I enjoyed our many conversations on the subjects. I wish I'd met her earlier in our lives. I know we would have gone to all the horse shows together and been unstoppable! I know you were tired and fought as long as you could. RIP friend, until we meet again!*
