“ *RIP /Willme/ as I always called her about 22 years ago she called me during Old Settlers said I have a good friend I want you to meet. Wanted me to meet her/ Buck/and her friend at park but I told her I was to busy with the O.S. to talk next day she called and gave me the devil... So I did take time the next day to meet them and 22 years latter that little gal is still my wife.*

“ *One snowy, extremely cold wintery night about 1 am, I was coming to Odon from Francesville where I was teaching. I was getting tired and decided to cut through the Newberry/Odon road to get home quicker than going to Elnora and then to Odon. My judgement must also have been tired because as I was approaching the bridge at the bottom of the hill, I slowed down to make the jog in the road and then tried to get up the steep hill beyond the bridge. My car wouldn't make the slick hill so I carefully backed down and tried to do it again. Failed. After repeated times at this I decided I would try to turn around and go back to Newberry and go through Elnora. Didn't realize the incline of the road back to the stop sign. Couldn't get up that hill. I was stuck. Suddenly here came a vehicle from Odon down the steep hill, quickly across the bridge and stopped to help me. It was Wilma and her husband. He got into my car and fishtailed it up the hill to the stop sign, walked back down and got in his vehicle and went home. Boy, I was never happier to see anyone in my life as I was the two of them on that dark, snowy, cold night on a lonely back road in Greene County. RIP Wilma, your good works are done.*
