“ To Yvonna's family, I was shocked and saddened to hear of Yvonna's death. We worked together for many years and remained good friends. She was a lovely person, devoted to her children, grands and greats. I know she's with John and Penny now. I also know she will be very missed. You are all in my thoughts.

“ I didn't know your mother/daughter very long, but in the last month she surely did touch the hearts of all the staff of GSH 7th floor staff, especially mine.

I was the first person to come in contact with her when she entered the hospital I have to say even the days when the news wasn't so great she was ok with it and made positive of the situation. It is hard to understand why things happen the way they do, but through it all she took it like a trooper and had a wonderful disposition that most would have never been able to do.

As tribute to her on girl's night out and every July 4th we will drink a glass of wine in honor. I know she will be smiling.

Sending Love and prayers Debbie and the all the 7th floor staff.
